Proposal Format for Environment Education Programm 2024-25

Is your School/ College/Institutions registered on EEP Portal (Please tick) : Yes/No

1	School/College / Institutional Details	
1.1	Name	
1.2	School DISE Code College Code (If Available)	
1.3	Type of Institution (Govt./Private/ Other)	
	If Others, Please specify	
1.4	District	
1.5	PIN Code	
1.6	Contact Details – Landline Phone with STD Code	
1.7	Email	
1.8	Website	
1.9	College/ Institution affilitated to University	
2	Head of Institution Details	
2.1	Principal/ Head Name	
2.2	Mobile No.	
2.3	Email	
3	Ecoclub/ Incharge Details	
3.1	Name	
3.2	Mobile No.	
3.3	Email	

4	Bank Details	
4.1	Account Name (As per in Bank)	
4.2	Account Number	
4.3	Account Type (Saving/ Current/ Other)	
4.4	IFSC Code	
4.5	Bank Name	
4.6	Branch Name	

5 Past experience in conducting Environment Education & Awareness programme (Asleast last 2 Years) in Desending from 2022-23 & 2023-24					
S.No.	Scheme	Year	Activity	Funding Agency	Amount
1					
2					
3					
4					
5					
Total Grant received under EEP in 2023-24					

6 Financial Assistance For organizing Sustainable Lifestyle Workshop / Exhibition / Competition / Campaigns and Nature Camps / Visits details under EEP		
S.No.	Particulars	Amounts
1.1	Sustainable Lifestyle Workshop (50 participants)	20000.00
1.2	Nature Camp/ Nature Visit -One Day (25 participants)	20000.00
1.3	Exhibition/Projects (Any one)	5000.00
1.4	Competition / Campaigns (Any one)	5000.00
Total		50000.00

7 Proposal Activities						
S.No.	Particular	Tentative Date	Place	Units (No. of activity)	Exp. No. of Participants	Amt.
7.1	Sustainable Lifestyle Workshop					
7.2	Nature Camp/ Nature Visit					
7.3	Exhibition/ Projects					
7.4	Competition / Campaigns					
Total Rs.						
Total Funds requested (In Words)						

8	Details of Proposed Activities	
8.1	Sustainable Lifestyle Workshop	
8.1.1	Topic	
8.1.2	Target Group	
8.1.3	Objective	
8.1.4	Outcome	
8.2	Nature Camp/ Nature Visit	
8.2.1	Topic	
8.2.2	Target Group	
8.2.3	Objective	
8.2.4	Outcome	
8.3	Exhibition / Projects	
8.3.1	Topic	
8.3.2	Target Group	
8.3.3	Objective	
8.3.4	Outcome	
8.4	Competition / Campaigns	
8.4.1	Topic	
8.4.2	Target Group	
8.4.3	Objective	
8.4.4	Outcome	

9	Proposal Submission Date	
----------	---------------------------------	--

10	Signature with Name & Seal of Organization	
	Eco-club In-charge Name	Signature
	Head of Institution / Principal Name	Signature

List of EEP Activities suggested by MoEFCC

S.No.	Name of the activity	Theme	Description
1	Cleanliness drive	Campaign	Plogger Fun Run (Jog and clean up activity), Organizing a community clean-up event.
2	Eco-Friendly Holiday Celebrations	Campaign	Plan sustainable ways to celebrate holidays.
3	Educational Trip	Campaign	Industrial visit by Eco-clubs students to know the process and pollution control device. Also, their impact on the environment.
4	Environment Conservation	Campaign	Eco club students theme based Flashmob at the crowd places
5	Environment Conservation	Campaign	Mono action drama at crowdly places to convey the message of environment protection and conservation to maximum population on various LiFE Themes
6	Environment Conservation	Campaign	Thematic assebmly on various environment conservation topics/ Mission LiFE themes
7	Environment Conservation	Campaign	Nukkad natak on themes of Mission LiFE with in the campus and also in market area/ mall/ bus stands.
8	Environment Conservation	Campaign	celebrating rakshbandhan by tying Rakhi to trees, developing the sense of love and responsibility towards nature
9	Healthy LiFE Style	Campaign	Innovative way to celebrate sports day. E.g- Pic and drop race in which students will segregate the waste by drpping it in specific dustbins/ Recycling Relay Race: Teams race to sort and recycle items correctly.
10	Healthy LiFE Style	Campaign	Yoga during morning assembly, One culture day per week (adorning cultural attire, serving traditional food)
11	Healthy LiFE Style	Campaign	Mini Eco Marathon accompanied with signature camapign on the celebration of various environmental Days
12	Innovative environmental workshops	Campaign	Phir Se Chipko Campaign, Youth conclave on environment, Training workshops on environment journalism.
13	Innovative ways of celebration	Campaign	Celebration of school annual day on environmental themes in an interesting and innovating ways
14	Reduce waste/SUP	Campaign	Students of eco club will adopt an area say a market place, a society, a community and promote on alternative use of SUP
15	Zero waste initiative	Campaign	Litter Free Campaign in Schools/ near by areas/ Plastic-Free Campus Campaign/Initiatives to reduce plastic usage on campus on regular basis
16	Competitions	Competition	Graffiti competition - drawing on the outside wall of the school to sensitize students and public on various themes of LiFE, Paint murals that highlight environmental themes.
17	Competitions	Competition	Environmental Trivia Quiz: Test knowledge on environmental topics.
18	Competitions	Competition	T shirt painting, flower crown making competition, leaf craft activity competition, slogan writing, Caption with Signature campaign for the general public
19	Competitions	Competition	Environmental Poetry Contest- Write and share poems about nature and the environment
20	Inter-School Environmental Summit	Competition	Organize a summit inter/intra school to discuss sustainability efforts.
21	Poster Competition	Competition	Eco-Poster Design Contest: Design posters promoting environmental awareness.
22	Bamboo Craft/ wood craft	Exhibition	Bamboo crafts / wood craft products may be showcased as eco friendly alternatives of SUP
23	Banana fibre Craft	Exhibition	Banana Fibre products may be showcased as eco friendly alternatives of SUP
24	Environment Conservation	Exhibition	Notice boards in schools may be treated as developing awareness boards which could be theme based. List of various environmental days and its importnace may be depicted on notice boards.
25	Adopt sustainable Food systems	Exhibition	Students will participate in Healthy Food Festival where in the benefit of healthy food will be exhibited, eg: Millet food fest
26	Project based	Exhibition	Environmental Science Fair to present scientific projects on environmental topics.
27	Water Conservation Practices	Exhibition	Implement water-saving measures in school campus, .eg: celebration of Hand washing day, poster display for demonstrating ways to wash hands and maintain hygiene near toilets/ washing area
28	EXHIBITIONS	Exhibition	Environmental Innovation Fair: Students present their ideas for solving environmental problems.
29	EXHIBITIONS	Exhibition	Eco-Art Exhibition: Display art made from recycled materials.
30	EXHIBITIONS	Exhibition	Eco Utsav
31	EXHIBITIONS	Exhibition	Bal Paryawaran Utsav
32	EXHIBITIONS	Exhibition	District-level Mock Eco Parliament for school students on the existing environmental issues
33	Exibitions	Exhibition	Photography Exhibition on various themes of environment eg: Photos depicting the effects of climate change/ wildlife photography to raise awareness about local endangered specie / save environment/ ways to save from pollution etc.
34	NATURE CAMP	NATURE CAMP	Photography Competition
35	NATURE CAMP	NATURE CAMP	Biodiversity Mapping Project: Document local flora and fauna, Maintain Biodiversity register
36	Nature Camp	NATURE CAMP	Bird Watching, Games
37	A unique initiative of Utilization of Water Hyacinth	Projects	Capacity Building Training Workshop on 'Gainful Utilization of Water Hyacinth towards Handicrafts Development' was It provides people with an alternative source of sustainable livelihoods by preparing handicrafts from water hyacinth and also conserves biodiversity under water
38	Biodiversity conservation	Projects	Preparing school Biodiversity Register, identification of butterfly/ flora and fauna
39	Biodiversity conservation	Projects	Installation of bird nest, feeding pots in the school, houses, parks, community, etc.
40	Drip irrigation	Projects	To save water children should be trained to prepare a workable model through DIY workshop used for drip irrigation. e.g: by making a hole in the plastic bottle and tie it to the plant so that the plant receives water slowly with out any wastage.
41	Eco bricks	Projects	PET bottles packed with solid, clean and dry used plastics, ideal for building green spaces in play park, sitting structures etc.
42	Green Innovation Hackathon	Projects	Solve environmental problems through technology and innovation.

43	Workshop on organic farming	Projects	Growing fruit plants/Mushroom cultivation
44	Healthy LiFE Style	Projects	Development of Games related to Environment Education on various themes of LiFE
45	Workshop on Nursery development	Projects	Hands on training and knowledge given to students for developing nursery based on season, ways to take care of plants, use of manure etc.
46	Project based	Projects	Researching and designing solutions to local environmental problems.
47	Project based learning	Projects	Project-based learning encourages students to take ownership of their learning by tackling real-world environmental challenges
48	Promote Sustainability	Projects	Eco-Scavenger Hunt: Find items related to sustainability around the campus.
49	Promote Sustainability	Projects	Promote cultural and traditional sustainable practices of respective state/regions.
50	Promote Sustainability	Projects	Chemical free preservation techniques like using neem leaves, other plants products, etc
51	Promote Sustainability	Projects	Natural ways to preserve food through fermentation and other traditional methods
52	Reduce waste	Projects	Creative and innovative ideas for best out of waste activities
53	Reduce waste/Circular economy	Projects	Donate old books to the needy students/ people
54	segregation of dry and wet waste	Projects	To be practiced in school and also at home by segregating waste in different colours of dustbin. i.e bio degradable and non-bio degradable waste
55	Sustainable Lifestyle	Projects	Promoting indigenous and native food crop species
56	Urban Gardening Workshop	Projects	Techniques for growing plants in small spaces.
57	Zero waste initiative	Projects	Tips and tricks to reduce waste, Adopting Zero Waste Principals (Reflect-Switch-Demand) - making Zero waste schools possible
58	Recycle of Cement bags	Projects	Grow Bags for vermi composting and gardening
59	Carbon Reduction	Sustainable Workshop	Carbon Footprint Reduction Workshop to challenge students to lower their carbon footprints.
60	Clay moulding	Sustainable Workshop	making of earthen pots, diyas/ eco-art activities etc from clay, making idols from clay for celebrating eco friendly festivals. E.g.: Ganesh Chaturathi
61	Composting of Food waste	Sustainable Workshop	Hands on training given on vermi composting. Use of temporary pit for composting and selection of earthworm species
62	Composting Techniques	Sustainable Workshop	Composting 101: How to compost at home and its benefits.
63	Eco friendly activity/alternative of SUP	Sustainable Workshop	Making plates and small bowls from banana leaves or other leaves/ recycled paper
64	Eco friendly Soap	Sustainable Workshop	Hands on training on making Eco-friendly Soaps, hand wash, dish wash and floor cleaners. The training developed an entrepreneurship mentality as well developed behavioral pattern towards eco-friendly products.
65	Eco Holi	Sustainable Workshop	Celebrating holi with herbal colours using Turmeric for yellow colour, Juice of beet root for red/ pink colour, mehendi powder for green colour. be creative to make more such colours
66	Eco-artistry	Sustainable Workshop	Workshop on waste plastic bottles into artistic eco-friendly planters or any other usable items, waste to wealth
67	Environment Film Making	Sustainable Workshop	Workshops on mobile environment film making, short green film making, Shoot your campus., Chai Pe Gup Shup on Environment issues. and skill building.
68	Fruit, vegetable, bearing plants,	Sustainable Workshop	A climate change adaptation practice that also helps to generate income and food security
69	Green audit/ Energy audit/ Waste audit	Sustainable Workshop	Conducting a workshop on environment audit/ waste audit/ energy audit and developing a plan to reduce school waste.
70	Innovative environmental workshops	Sustainable Workshop	Workshops on school weather stations.
71	Reduce E-waste	Sustainable Workshop	Workshops on repairing and making of LED Bulb and tubelights
72	Waste to wealth	Sustainable Workshop	Old clothes recycled to make bags, door mats, rugs
73	Plantation techniques	Sustainable Workshop	Workshops on hydroponics, Bonsai cultivation techniques. Hydroponics is the technique of growing plants using a water-based nutrient solution rather than soil
74	Promote Sustainability	Sustainable Workshop	Workshop on importance of MIYAWAKI FOREST and ways to develop it.
75	Workshop on Rain water harvesting	Sustainable Workshop	Workshop on saving water through Rain water harvesting (not to construct any unit)
76	Waste to wealth	Sustainable Workshop	Recycle and reuse old news paper and magazines to make products like bags, envelopes from old weeding cards and can also be used to cover gift items.
77	Waste to wealth	Sustainable Workshop	Hands on training to recycle old of waste paper to make recycled paper
78	Reduce E-waste	Sustainable Workshop	Setting up of E waste collection corner in the school / E waste collection campaign
79	Reduce waste	Sustainable Workshop	Workshop on use of Coconut shell for making artifacts/decorative handcraft items.
80	Reduce waste	Sustainable Workshop	101 Ways to Reuse Plastic Waste training programme for school students
81	Renewable energy conservation	Sustainable Workshop	Capacity building programme for making Solar lamps/ torches/function and uses of wind turbines
82	Seed ball activity	Sustainable Workshop	binding seeds in clay and use the same for tree plantation, using seeds in similar way after consuming the fruit and taking care of those plants.
83	Skill development	Sustainable Workshop	Workshop on honey bee rearing, rearing silk worm.
84	Vertical garden	Sustainable Workshop	Using waste plastic bottles at pots to develop vertical garden at a dedicated place/ wall/ pillar in school/ college
85	Waste to wealth exhibitions	Sustainable Workshop	Eco-Crafting workshop: Making various usable items from discarded materials like plastic items, paper cups, ice-cream sticks, cocout sheels, cardboards etc. and showcase the same during exhibitions and competitions. Shell charcoal can be made from cocconut shell which is used widely as domestic / industrial fuel.
86	Zero waste initiative	Sustainable Workshop	Sustainable Fashion Walk with Eco friendly product/ Eco Fashion show making costumes/ clothes from waste/ sustainable materials or utilizing waste in best possible ways
